Subject: Department of Labor Davis-Bacon Database

This purpose of this Notice is to advise Housing Agencies (HAs) of the availability of the Davis-Bacon wage determination database.

The National Technical Information Service (NTIS), a subsidiary of the Department of Commerce, has available by subscription an electronic Department of Labor Davis-Bacon wage determination database. Attached is a flyer which provides general and subscription information on the database.

HUD's Office of Labor Relations has recently instituted a number of "streamlining" measures affecting the delivery of labor standards and enforcement activities to local contracting agencies, including Public and Indian Housing Agencies. One of the measures is the recommendation that HAs access Davis-Bacon wage determinations directly without requesting them through HUD's Office of Labor Relation's staff.

HAs are encouraged to subscribe to the NTIS wage determination database.
